

Summer Term Packing List

This checklist is our strong suggestion of quantities you will need for your stay. Keeping your bag limited to one duffel (we do not recommend hard-top suitcases, please check your airline policies as most limit bag weight to 50lbs) and a carry-on is very important for travel and storage purposes in the dormitories. It is also important to note that students will have the opportunity to send their laundry out once a week. Finally, though you can buy some items in the school store, we recommend that you buy what you need ahead of time, and use the school store as a backup resource.

We highly recommend labeling all your clothes with a permanent marker.

Toiletries

Our artificial wetland that processes wastewater on campus is extremely sensitive to the chemicals in most bath products. With this in mind, when choosing your bath products (shampoo, conditioner, body wash, etc.) please choose responsibly and sustainably. We ask that you do NOT bring any product containing microbeads.
